Nakashibetsu Bus Terminal ↔ Teshikaga town Biruwa Station

## Complete guide to walk through all stages

From the Nakashibetsu Bus Terminal to Nakashibetsu Airport via Midorigaoka shin-rin koen (forest park) and Yumeno-mori koen. On the way you will see the blue silo of Sakurai-ranch, corridor of broad leaved forest, enjoying the wind break forest towards the gravel road of Route 26. Walk straight 6.5km (about 4 miles) to Kaiyo-dai.

From the famous Kaiyo-dai to restaurant Bokusha via the wind break forest. It's worth seeing the design of the man-path which is a gate separating grass farm and rangeland.

If you want to enjoy the most Eastern Hokkaido like dairyland scenes, walk mainly around Restaurant Bokusha. Walking slowly from the hills and looking up at the huge mountains is a good view point of the RANCH WAY.

Small green mountain called Mt. Moan is a bit small mountain but the panorama view is superspectacle. However the route to Mt. Moan is closed from June to October.

From Yoroushi Onsen (Hot Springs) to KARAMATSU-NO-YU (Outdoor Hot Spring Bath free of charge) Walk up the forest road and you will reach a hill where you can see a splendid view including Mt. Moan. Walk over Keneka River, and the gravel road of Shibecha-town, you will get to the mountain lodge of Nishibetsu-Dake.

As you start walking you will get to Gaman-zaka which is a steep hill. But if you get over it you are about an hour away from the mountain top of Nishibetsu-Dake. Enjoying the splendid view of Masyu-Ko (Lake Masyu). You will reach Masyu-Ko Daiichi Tenbo-Dai (Observation deck).

From Masyu-Ko Daiichi Tenbo-Dai (Observation deck) to Biruwa Elementary School of Teshikaga town, you will walk down a mountain road. Down the road, you have reached Biruwa Station.
